

Introduction

Welcome to the Marr Area Partnership Guidance Document for Village Halls and Community Buildings.

This document aims to provide information and guidance for groups responsible for managing village halls and community buildings in the Marr Area of Aberdeenshire.

Key topics necessary for committees to comply with regulations required for legal and effective village hall management are covered. There is a vast amount of content now available online; this document aims to signpost village hall committees to the most relevant and up to date information.

The guidance has been revised following consultation with Hall Groups and Community Planning partners. MAP aims to review and update this document annually. If you discover anything to be added or removed from this manual, please get in touch with the Marr Area Partnership.
